

**APPENDIX B**  
**Urban Road Safety Audit Photographs**

**Photograph B1** Poor traffic island conspicuity due to the lack of appropriate warning signs.

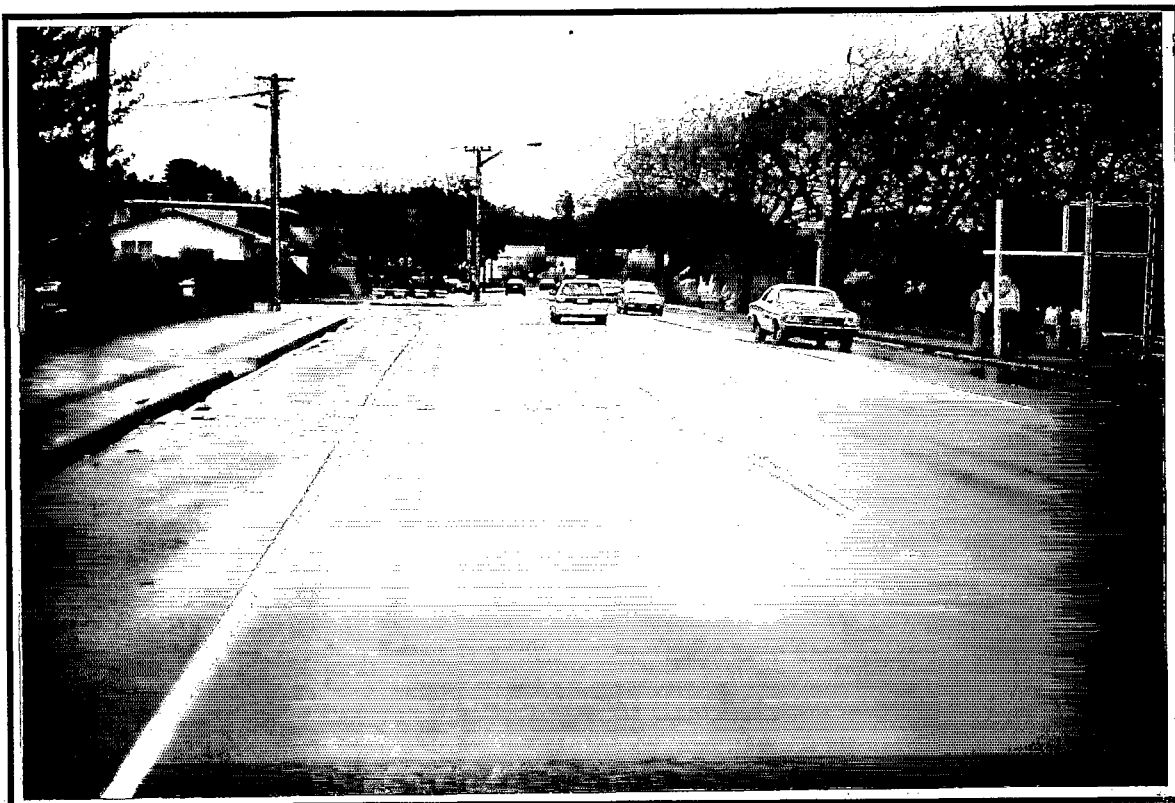

**Photograph B2** Over abundance of advertising signs distracts drivers from road signs.

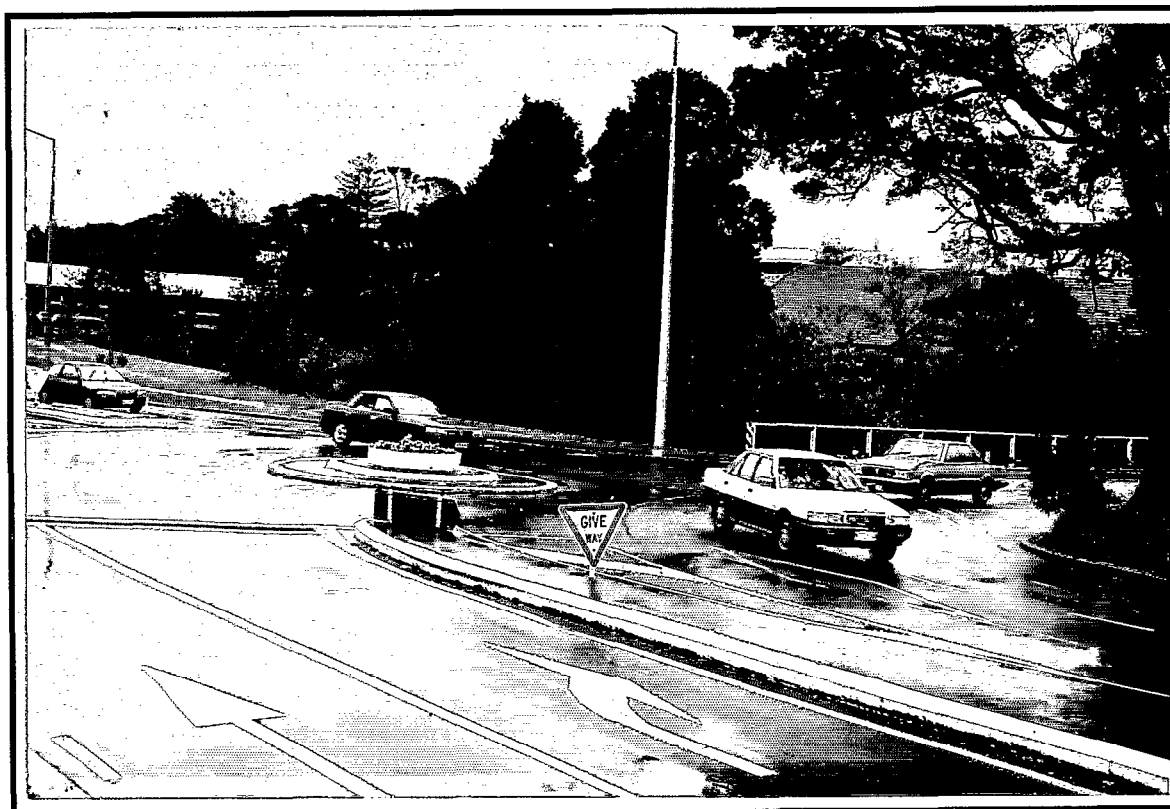

**Photograph B3** Lack of appropriate parking width, however, there are no yellow no stopping lines restricting vehicles from parking at the kerbside.

**Photograph B4** Abrupt termination of an edge line at the end of a section of road which has been recently marked with a flush median / edge line treatment.

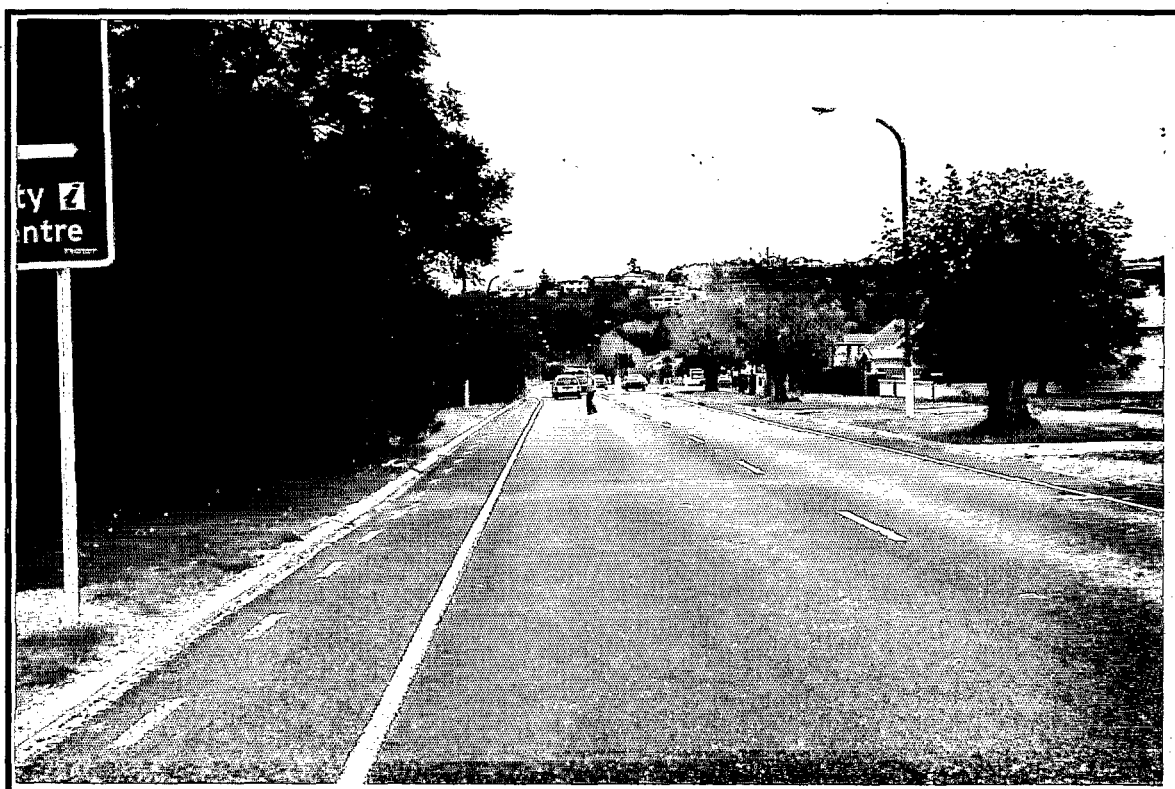

**Photograph B5** Unnecessary section of guardrail which creates more of a safety hazard than the area of grass if is mounted in front of. Should be replaced with a sightline.

**Photograph B6** Small roundabout with no delineation provided by way of warning signs.

**Photograph B7** Use of single curve indicator boards to provide delineation of a smaller roundabout.

**Photograph B8** The traffic signals at the intersection in the back ground (by the cars) are hidden from approaching drivers by vegetation.
